## 11. DISPUTE SETTLEMENT PROCEDURE

The parties agree that one of the fundamental objectives of this Agreement is to eliminate lost time in the event of a dispute. Further that it is in the best interests of both parties to achieve prompt resolution of disputes.

The most effective procedure to achieve this is for the responsibility for resolution to remain as close to the source as is possible. It is with this uppermost in mind that the parties agree to strictly adhere to the dispute settlement procedure as follows:

- a) The employee/s or accredited employees representative wishing to raise any matter affecting the employee/s shall:

- i) Initially raise the matter with the employee/s immediate supervisor/foreperson. If agreement is not reached at this level, the employee/s or representative shall then;

  - c) In the absence of agreement, either party may refer the matter to the NSW Industrial Relations Commission for resolution by conciliation and/or arbitration.
  - d) While the above procedure is being affected, work shall continue normally.
  - e) All recommendations, orders and/or directions of the NSW Industrial Relations Commission shall be adhered to by all parties, subject to the industrial rights of the parties.

## **12. CONSULTATIVE MECHANISM**

The parties agree that a precondition for the effective operation of this Agreement is the establishment of consultative mechanisms within the Company. To this end a Consultative Committee, comprising of Company appointed representative and employees elected representatives shall be established and maintained. Officers of the Union shall have a standing invitation to attend any such meeting. The purpose of the Consultative Committee shall be to consult, develop, recommend and assist to implement strategies and measures designed to achieve the objectives outlined under Clause 4 of this Agreement.

## **13. HOURS OF WORK**

The parties agree that the current working arrangements for hours of work provisions (including but not limited to the daily maximum ordinary hours, work cycles and the taking of meal breaks and rest periods) may be altered during the life of this Agreement following consultation and agreement between the Company and the majority of affected site personnel so as to provide greater flexibility and to meet project and/or shift work or operational requirements. The criteria that will be used in assessing the desirability of proposed changes to hours of work will include the impact on efficiency, operational and project requirements, productivity, quality and quality of life.

The parameters for ordinary hours for the purpose of this Agreement shall be an average 38 hours per week and shall be between 6.00am and 6.00pm on any or all of the days Monday to Friday. The ordinary hours of work shall be worked continuously except for meal breaks. Different methods of implementation of the hours of work may be applied to various groups or sections of employees by agreement.

Staggered starting and finishing times may be introduced by agreement with employees at the site to help overcome any problems or potential delays. As a consequence, breaks taken during the course of the day shall also be staggered.

An employee's weekly ordinary hours of work can consist of both day work and shift work, providing that the appropriate shift allowance is paid for any shift work in accordance with subclause 22.6 of the Parent Award.

#### **Shift Work**

The above flexible hours of work provisions will also apply to shift work as defined by the Parent Award.

#### **Rostered Days Off (RDO's)**

The parties agree to increase flexibility with regard to the taking of RDO's. RDO's may be rescheduled or staggered over the work cycle rather than on industry RDO days.

By agreement between Company and an employee, RDO's may be banked to a maximum of five (5). Records of each employee's RDO status will be kept by the Company and made available to the employee upon request.

#### **Starting**

Employee's shall be at the nearest gang box or site ~~Red dressed~~ and equipped and ready to commence work at the work start time.

Wages rates for employees shall be as prescribed in Schedule A. These wage rates are effective from the date specified in Schedule A.

#### **15. PRODUCTIVITY ALLOWANCE**

Apprentices appointed after the date of the agreement shall be entitled to a productivity allowance of \$0.50 per hour, with this rate remaining fixed for the duration of his/her apprenticeship.

It is the intention of all parties to this Agreement that productivity allowances for apprentices above \$0.50 per hour shall be eliminated by the year 2002, and that during the interim period, the parties work towards achieving a recommended employment ratio of apprentices engaged on construction work of not less than that of one in five trades people.

Site/Project Allowance will be paid in addition to the productivity allowance where such an addition is either:

- a) Where such an allowance is awarded by the Industrial Relations Commission; or
- b) Where such an allowance is required by a site condition specified at the time of tender. It is incumbent upon the Company to enquire of the Head Contractor/Client at the time of tender whether a site/project allowance is required to be paid and in particular whether it is required to be paid in accordance with the Construction Industry Site Allowance Matrix; or
- c) If the contract between the Employer and the Head Contractor/Client does not contain provision for a site allowance, and after the contract is made the head contractor makes an agreement under which a site allowance is payable, then the head contractor should then agree in writing to reimburse the employer the full cost of the said allowance.

## 16. NO DISADVANTAGE

No employee shall suffer a reduction in pay as the result of the making of this Agreement. The components used to determine if any financial disadvantage has occurred are wage rates, productivity allowances and excess fares and travel time only.
